#### **Dates for 2025 ChMC Masterclasses:**

Wednesday 19th November - 12:30 - 13:30

ChMC Masterclasses are always better when we have guest speakers who have been through the process, achieved ChMC status and can share their experience with those who are following them.

We are always keen to have new guest speakers and it would be really helpful if you could nominate colleagues who can spare around 90 minutes. I know those starting on the ChMC journey would love to hear about their experience of achieving ChMC.

Participation in the Masterclasses can be counted towards annual CPD against Leading Others, Demonstrating Corporate and Social Responsibility of an Organisation in everyday work, Embracing lifelong learning, Committed to the development of the Organisation's people and talent among others

If you have colleagues who are able to give back to those following please contact us with their details and a preferred date and we will do the rest.
